I am a Diploma in Information Technology student at Taylor's University with hands-on experience in software and game development. Skilled in C#, Unity, PHP, Java, and MySQL, with the ability to design both web-based and game applications. I am passionate about game programming and eager to gain professional experience through an internship in the IT or Game Development industry.

E D U C A T I O N

Taylor's University, Selangor, Malaysia
Diploma in Information Technology
April 2024 – July 2026 (expected)

Relevant Courses: Object-Oriented Programming (Java), Database Management, Web Development
Self-learned Game Development (Unity, C#)

P R O J E C T S

Rocket Delivery Game (Unity, C#) - Self-Learning Project, 2025

- Designed and developed a 3D rocket game where the player must navigate from point A to point B without hitting obstacles.
- Implemented movement controls, collision logic, and level transitions using C# scripts in Unity.
- Uploaded project demo and code to GitHub.

Pokémon Catalog Web Application (PHP, MySQL, HTML, CSS) - Course Project, 2025

- Built a CRUD-based web application allowing users to add, edit, and delete Pokémon entries.
- Designed front-end interface with CSS and implemented form validation.
- Connected to MySQL database using PHP for data management and retrieval.

Food Ordering System (Java, OOP Group Project) - Group Project, 2025

- Developed a food ordering system featuring membership management, dine-in, and takeaway options.
- Applied object-oriented principles with inheritance for Takeaway, and DineIn subclasses.
- Worked in a team of 3 to design and develop the system, coordinating tasks and integrating modules together.

TECHNICAL SKILLS

Languages: C#, Java, PHP, Python, SQL, HTML, CSS
Tools & Platforms: Unity, Visual Studio, MySQL, XAMPP, GitHub
Concepts: Object-Oriented Programming, Database Design, Game Mechanics, Web Development

TRANSFERABLE & SOFT SKILLS

- Teamwork and collaboration from group projects
- Problem-solving and debugging across multiple languages
- Time management and project planning to meet deadlines
- Strong communication and adaptability in new environments

LANGUAGES

English • Russian • Turkmen • Turkish
